

## OML is now an Associated Organisation of COSA

---

Oncology Massage Ltd is committed to furthering education and awareness around Oncology Massage and its evidence-based benefits, and as well as the training of regional and metropolitan Massage and Bowen therapists, the development of relationships with other professional organisations.

We are very pleased to announce that Oncology Massage Limited (OML) has become an Associated Organisation (<https://www.cosa.org.au/about-us/member-organisations/associated-organisations/>) of the Clinical Oncology Society of Australia (COSA). We are now able to offer those on our National Therapist Listing (NTL) added benefits in the form of reduced membership fees to this resource-rich Society.

“COSA consists of over 1,000 individual members who are doctors, nurses, allied health professionals and scientists working in cancer care throughout Australia.”
